Keeping Your
School Safe with

THYMOX[®]

BOTANICAL DISINFECTANT SPRAY

THYMOX[®]

DISINFECTANT SPRAY

The Ultimate Solution for School Disinfection, Cleaning, Sanitization, and Deodorization

Why Thymox?

Thymox is a cutting-edge, botanical disinfectant that revolutionizes school cleaning. Its unique formula harnesses the power of thymol, a natural component of thyme oil, to provide an effective and environmentally safe solution for all your cleaning needs. Optimize the most of your cleaning products with Thymox's wide capabilities of cleaning, disinfecting, sanitizing and deodorizing.

Applications: Disinfecting, Sanitizing, Cleaning & Deodorizing

1. Classrooms and Common Areas:

Thymox ensures eco-friendly and clean environment for students and teachers.

2. Sports Equipment:

Effectively disinfects and deodorizes football, hockey and lacrosse equipment, wrestling mats, and workout equipment.

3. Turf and Outdoor Spaces:

Keeps outdoor areas germ-free, promoting a healthy playing environment.

4. Cafeteria and Lunch Tables:

Safely cleans all surfaces and sanitizes lunch tables and food contact areas, ensuring a hygienic dining space.

5. Locker Rooms and Bathrooms:

Thymox deodorizes and sanitizes locker rooms and bathrooms, creating a pleasant atmosphere.

6. Windows and Mirrors

Thymox excels as a non-abrasive glass and window cleaner.

THYMOX is committed to providing a safe and healthy learning environment. Thymox is your all-in-one solution for effective, eco-friendly, and economical school cleaning.

Key Features:

1. Multi-Purpose Performance:

- Disinfects and kills 99.9% of germs and viruses, including most common pathogens.
- Cleans and removes dirt, grime, and stains effortlessly.

2. Eco-Friendly:

- Made with sustainable, plant-derived ingredients. Safe for students, staff, and the environment. No PPE required.
- Non-abrasive formula, free of chlorine, phosphates and other heavy metals.

3. Odor Elimination:

- Neutralizes unpleasant odors, leaving a fresh and clean scent.
- Ideal for deodorizing bathrooms, locker rooms, and more.

4. Safe on All Surfaces:

- Suitable for use on various surfaces, including football/hockey/lacrosse equipment, lunch tables, wrestling mats, and workout equipment.
- Won't cause damage or corrosion.

5. Cost-Effective:

- Reduces the need for multiple cleaning product.

6. Effective on Artificial Turf:

- Helps keep artificial turf free of mold, viruses, fungi and bacteria.
