

Cleaning Solutions for Lift Stations

Sustainable Solutions for Health, Productivity and the Environment.

Cleaning lift stations is crucial for several reasons, particularly in wastewater and sewage management. Here's why regular maintenance and cleaning are essential:

- 1. Prevents Blockages & Overflows** – Avoids clogs, backups, & spills.
- 2. Maintains Pump Efficiency** – Reduces strain, energy use, & breakdowns.
- 3. Controls Odors & Gases** – Minimizes foul smells & hazardous emissions.
- 4. Prevents Corrosion** – Protects metal parts from damage.
- 5. Improves System Performance** – Ensures smooth operation & less downtime.
- 6. Meets Compliance Standards** – Avoids fines & environmental risks.
- 7. Extends Equipment Life** – Reduces repair & replacement costs.

For handling and precautionary information, reference the product label and safety data sheet.

Enviro Care Liqui Bac

Bio-enzymatic cleaner that breaks down grease, sludge, and organic waste in lift stations. It reduces odors, prevents blockages, and minimizes corrosion, ensuring efficient, eco-friendly wastewater management. Safe for pipes and equipment.

6x1 qt/case: 11767914
4x1 gal/case: 11767927
5 gal/pail: 11767945
55 gal/drum: 11767957
275 gal/tote: 11767930

PRS Water Damage Preclean

Bio-based cleaner that accelerates the breakdown of organic waste, grease, and sludge in lift stations. It reduces odors, minimizes buildup, and enhances pump efficiency. Safe, eco-friendly, and effective for ongoing maintenance.

4x1 gal/case: 11905227
55 gal/drum: 11905257

PRS Fuel Oil Cleaner

Bio-based solution that breaks down petroleum hydrocarbons, grease, and sludge in lift stations. It removes buildup, reduces odors, and enhances system efficiency while being safe and environmentally friendly.

4x1 gal/case: 11904827
55 gal/drum: 11904857
