Total Restroom Care

Clean restrooms, happy people.

Total Restroom Care...from the people

Every day people are making decisions about you based on the condition of your restrooms. There is no question about it. People respond favorably to clean and pleasant smelling surroundings.

Your team works hard and does a thorough job cleaning and sanitizing. We focus our science and experience on the restroom to continuously develop positive solutions that work for you. Complete, convenient solutions that help keep restrooms a positive happy place.

Cleaning & Infection Control

1 Floors

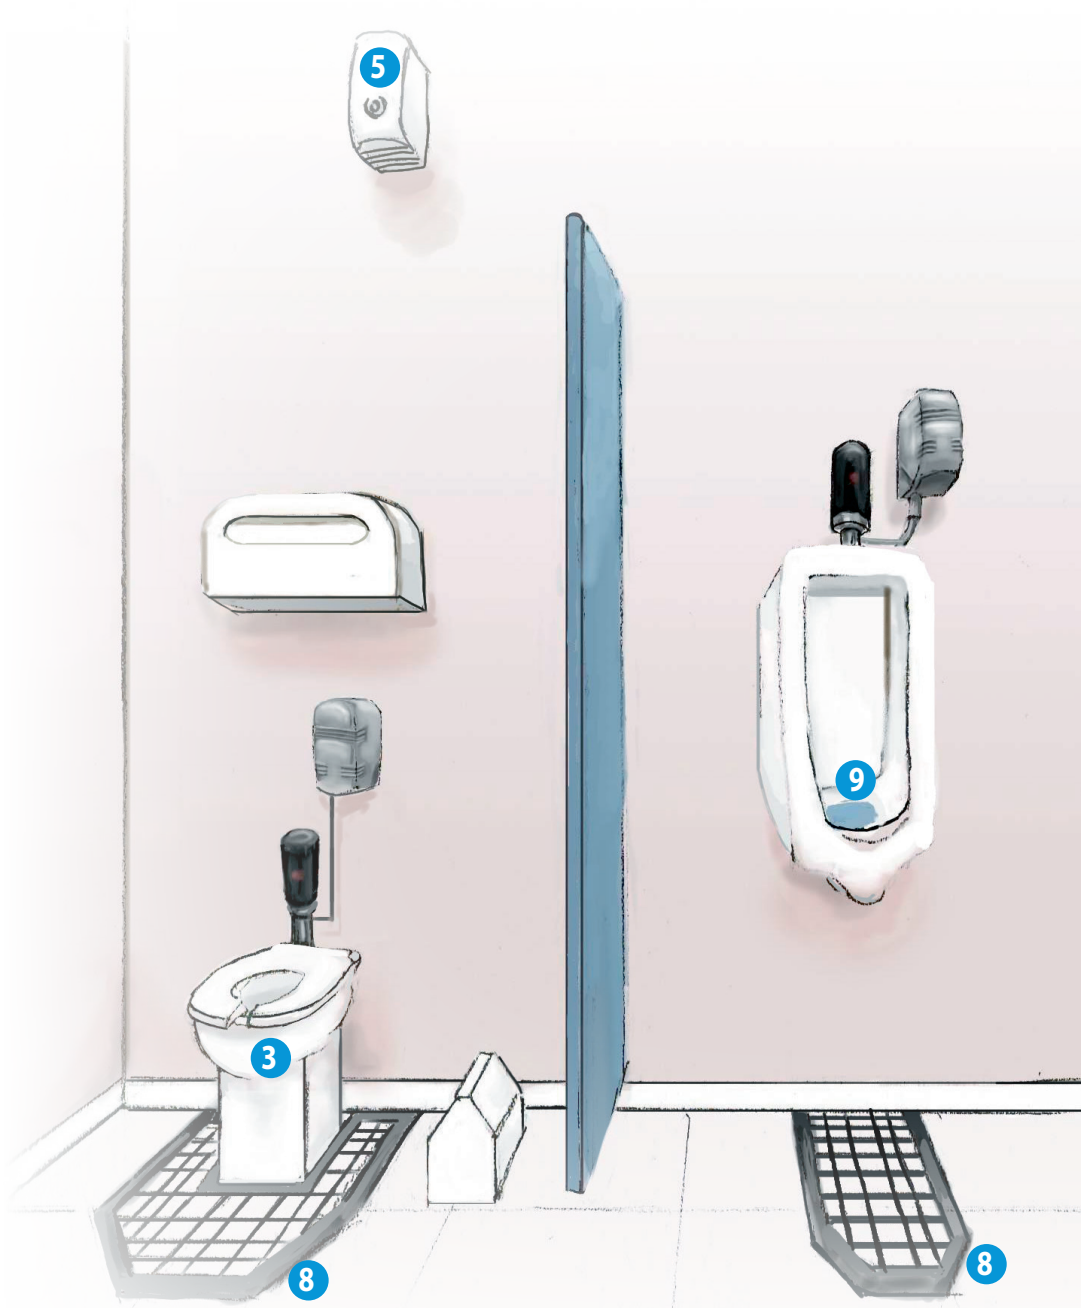

Many odors in a restroom come from floors. Keeping them clean and free from sources of odor is critical for your restrooms. Our wide range of cleaners includes multi purpose floor cleaners to clean and brighten grout.

2 Glass & Mirrors

People notice the glass and mirrors in your restrooms. We have a wide variety of glass and mirror cleaners to keep your surfaces shiny and clean.

3 Fixtures, Toilet Bowls, Urinals & Hard Surfaces

You want to keep your restroom surfaces clean and fresh. Our hard surfaces cleaners are designed to remove difficult soils, soap scum and mineral deposits while keeping fixtures looking like new.

Infection Control

Maintaining clean restrooms and promoting good hand hygiene help prevent the spread of germs. But you also need an infectious control program to keep your restroom surfaces safe for people in your facilities.

Disinfectants

Our wide range of EPA registered disinfectants can help you with that. Always refer to product labels for complete instructions.

4 Hand Care

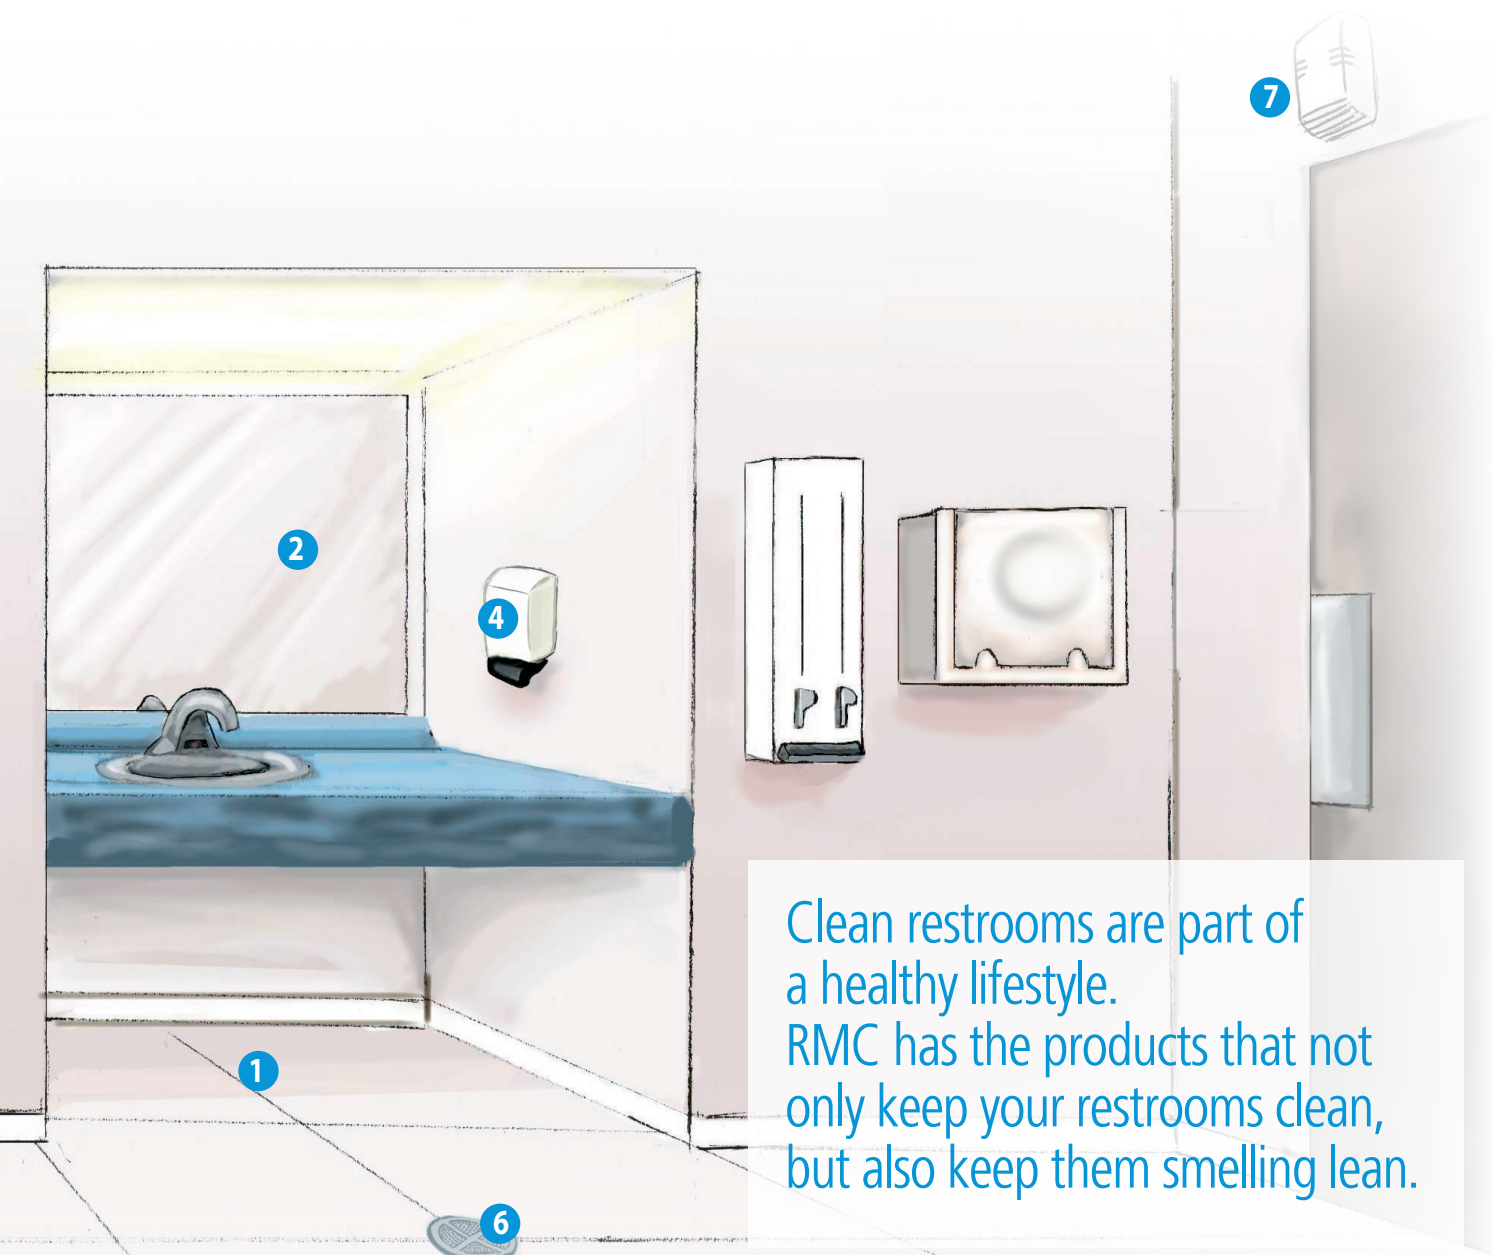

Practicing good hand hygiene is one of the most important factors in preventing the spread of germs. Our bulk liquid hand soaps and dispensers are cost effective, and will leave people with a clean and fresh feel.

Odor Control

5 Air Fresheners

Time dispensed aerosols cover up to 6000 square feet in a variety of fragrances.

with over 120 years experience in the restroom

Clean restrooms are part of a healthy lifestyle. RMC has the products that not only keep your restrooms clean, but also keep them smelling lean.

6 Drain Cleaners

Maintaining clean drains is important to odor control. Our biological drain cleaners destroy soils, getting rid of odors at their source.

Liquid Odor Control

Maintain a clean and fresh restroom with our liquid odor control program. With biological cleaners you can attack and destroy odors at their source, keeping clean and odor-free restrooms.

7 Oxygen Air Care

Oxygen powered passive air care for 60 days guaranteed fragrance.

8 Sanitary Floor Mats

Keep your floors clean with sanitary floor mats. Fit under urinals or around floor mounted commodes.

9 Urinal Screens and Blocks

Non-Para enzyme or camphor blocks, blocks in screens, rim hangers, and vinyl or Breeze urinal screens clean and provide fragrance for fixtures.
