# Infection Control & Hand Care

# Infection Control – Clean & Healthy Buildings

Office Buildings, Schools, Hospitals, Retail, Public Spaces...

Infection control and preparedness are important parts of a healthy building to keep your workers, employees and visitors safe.

Centers for Disease Control and Prevention (CDC) on How to Help Stop the Spread of Germs...

- Cover your mouth and nose when you sneeze or cough
- Clean your hands often with soap and warm water
- Avoid touching your eyes, nose or mouth
- Stay home when you are sick - check with a health care provider when needed
- Practice other good health habits

Whether you are concerned with CA-MRSA, Influenza A, VRE, Norovirus, TB, Rotavirus or other pathogens\*, incorporating the actions above will help your facility. RMC programs can reduce the spread of germs through...

- Proper Cleaning and Disinfection Procedures
- Hands Free Fixtures in Restrooms
- Effective Hand Hygiene Programs
- Training & Education

\*Refer to label for complete instructions and efficacy. May vary by product.
