

Sustainable Solutions for Health, Productivity and the Environment.

A photograph showing the lower half of a person wearing blue jeans and brown shoes, mopping a light-colored floor with a yellow bucket on wheels nearby. The background is a plain, light-colored wall.

Enviro Care®
Sustainability Floor Care
with iXt Technology

Durable

No Odor

No Stripping

Tired of Maintaining Floors?

Less maintenance, less cost, less headaches... **BETTER** results.

Let our customers speak for us...

"In my opinion, this is the **most durable** and the '**greenest' floor coating** available. It is unbelievable how it **outperforms** the conventional products we have used in the past. This is an ideal program for school boards."

Al Hastie, Supervisor of Facility Services,
Bruce-Grey Catholic District School Board

"Enviro Care Novus is **very durable**, even in our highest traffic locations. We just scrub and recoat in the summer to maintain. Our custodians like the coverage and how **easy it is to apply**. This finish is **environmentally friendly** and **it works!**"

Domenic Maniccia, BA, CET
Director, Custodial & Grounds Services
Brock University, Niagara Ontario

"Both independent testing and customer trials have shown that the RMC Enviro Care Novus product **delivers outstanding durability**, far in excess of anything seen in conventional polish systems."

Matthew Rowland, Managing Director, Jasol
Australia – A Division of George Weston
Foods Ltd
