## Lowest Cost-in-use

When using the Grande cartridge, the dispenser works for 60 days. The cartridge contains 35 ml of pure fragrance oil, that is approximately 7 times more fragrance oil than a standard metered aerosol can.

## Effective Fragrance & Odor Elimination

All Oxy-Gen Pro cartridges contain Neutra-lox, a proprietary ingredient that works with fragrance oils on targeted malodors by locking in the malodor molecules, neutralizing them and releasing a pure, fresh scent into the air. Neutra-lox is extremely effective against the smell of urine, feces, body odor, tobacco, pet malodor, kitchen odor, mold and mildew, etc. Unlike other systems that only mask odors, Oxy-Gen Pro cartridges eliminate odors and releases fragrance effectively.

## Specific Malodor Eliminators

For facilities that desire specific malodor eliminators without any fragrance or a very low fragrance, a choice of two new cartridges are available in the Oxy-Gen Pro cartridge range.

## Coordinate Overall Odor Control

**Gallon Concentrates**

- Fragrance Booster
- With Nanolock odor neutralizing technology

**Breeze 2.0 Urinal Screen**

- Splash Free design
- Water displacement bristles
- 30% more volume than competitors

**Breeze Bowl Clips**

- Clip securely under toilet seat facing outward
- Do not dissolve when wet

## Oxy-gen Air Care System
