

Sustainable Solutions for Health, Productivity and the Environment.

Product Guide

Facility Hygiene

From floor to ceiling, Rochester Midland has products and programs for complete facility maintenance in commercial and industrial environments. Inside this guide you will find a unique set of product offerings for restroom care, housekeeping, floor care, food service and industrial cleaning that allow you to collaborate with one partner for all of these needs.

In addition to single source supply, you are aligning with a leader in sustainable products and programs focused on the triple bottom line – people, planet, and profit.

3rd Party Approved Key

EcoLogo[®] is North America's largest, most respected environmental standard and certification mark. EcoLogo provides customers – public, corporate and consumer – with assurance that the products and services bearing the logo meet stringent standards of environmental leadership. EcoLogo.org

GREENGUARD Certification ensures that a product has met some of the world's most rigorous and comprehensive standards for low emissions of volatile organic compounds (VOCs) into indoor air. EcoLogo.org

Under the Federal Procurement Preference Program, USDA designates categories of biobased products. Federal agencies and their contractors are then required to give preferential consideration to these designated product categories when making purchases. biopreferred.gov

Green Seal[™] develops life cycle-based sustainability standards for products, services and companies and offer third-party certification for those that meet the criteria in the standard. Green Seal has been actively identifying and promoting sustainability in the marketplace, and helping organizations be greener in a real and effective way since 1989. greenseal.org

Carpet and Rug Institute Seal of Approval

Organic Materials Review Institute

An international symbol of quality and safety. nsf.org

Enviro Mix – For customers who do not have the room for dispensers, Enviromix concentrate in a squeeze bottle is the solution. One squeeze dispenses up to 1 oz of concentrated product to the reservoir. Follow label directions for the correct dilution.

EZ Mix – Portable closed dilution system. Easy hose connection so product can be diluted for spray bottles, mop buckets and/or floor scrubbers anywhere a water source is available. Also has 2 and 4 product wall mount options. Foaming dispensers also available.

SNAP! – Compact wall mount closed dilution system. Highly concentrated for extended usage and waste reduction. Mobile dispensing unit and foaming option available.

-See equipment section for dispensers
